

INTERNATIONAL NATAŠA STUDENČNIK s.p., a Slovenian micro-enterprise is specialising in information technology, software development, digital transformation, cybersecurity, entrepreneurship, and education.

In addition to developing and implementing IT solutions, the company provides **professional education, training programmes, practical workshops, and capacity-building activities** focused on digital, technological, and entrepreneurial competencies. They have experience collaborating with educational institutions, public organisations, and international partners in digitalisation, education, and innovation-related activities. Their primary objective is to join international consortia as a technology, education, training, or implementation partner, contributing practical expertise and delivering concrete project activities.

Following calls are particularly relevant to their expertise:

1. **HORIZON-BRIDGING-2027-01-09** – EU AI Media Platform: Modular Multilingual Public-Interest Infrastructure for European News and Audiovisual Media (IA).
2. **HORIZON-CL4-2027-04-DIGITAL-EMERGING-04** – Apply AI: Challenge-Driven AI Innovation Booster in Apply AI Prioritised Sectors (RIA).
3. **HORIZON-CL4-2027-04-DATA-08** – Demand-side 3C Pilot Demonstrators on Converged Telco Edge Cloud Infrastructure (IA).
4. **HORIZON-CL4-2027-04-DATA-03** – New Approaches for Decentralized, Federated and Sustainable AI Data Processing (RIA).
5. **HORIZON-CL4-2027-04-HUMAN-02** – Create a Thriving and Competitive Virtual Worlds and Web 4.0 Ecosystem (CSA).
6. **HORIZON-BRIDGING-2027-01-12** – Large-Scale Piloting of Next-Generation AI-Driven Digital Platforms for a More Affordable, Secure and Sustainable European Energy System (IA).

The company can contribute expertise and services in the following areas:

- **Software Development:** Web applications, digital platforms, front-end and back-end development, and API integrations.
- **IT Infrastructure:** Server administration, network services, information system configuration, and digital systems integration.
- **Cybersecurity and GDPR:** Information security, personal data protection, secure data management, and GDPR compliance.
- **Digital Transformation:** Development and implementation of digital solutions for businesses, public institutions, and other organisations.

- **Education and Professional Training:** Delivery of lectures, practical workshops, and training programmes in IT, digital competencies, cybersecurity, and entrepreneurship.
- **Knowledge Transfer and Capacity Building:** Development of educational materials, mentoring, training for different target groups, and support for the adoption of new technologies.
- **Pilot Implementation and Testing:** Technical implementation, software testing, validation, and end-user support.
