How to Add Associated Partners to a Proposal on the Funding & Tenders Portal

Overview
Entities based in Switzerland can currently participate to Horizon Europe projects by applying under the participant role of "Associated Partners" (AP).

This is a step-by-step guide on:
- how to add an AP to a proposal on the Portal
- how to include the budget of an AP on the Portal
- how to deal with the budget table for Lump Sum projects

Further Details
Do not hesitate to contact the Euresearch Regional Office near you!

How to Add an AP to the proposal

Coordinator

Associated Partner

APs CAN NOT ADD their contacts details. This means: no access to the Portal for the AP

Possible solution as work-around
— The Coordinator might add the AP contact among its Coordinator’s contacts
### How to Include the Budget of an AP

<table>
<thead>
<tr>
<th>No</th>
<th>Participant name</th>
<th>Country</th>
</tr>
</thead>
</table>

#### Financial Contribution

"Financial Contribution". Insert here the amount that the Swiss entity participating as an AP intends to request to SERI. Normally, this corresponds to:
- 100% of the entity’s eligible costs or
- 70% of the entity’s eligible costs for for-profit entities applying to IA calls.

In general, this budget category is used for any financial contribution expected to be received/already received from other sources for being used specifically for the same action as the one submitted for funding under Horizon Europe (e.g. funding from SERI).

#### Own Resources

"Own Resources". Insert here the amount that the Swiss entity participating an AP cannot request to SERI (or to the EC). Normally, this corresponds to:
- 30% of the entity’s eligible costs for for-profit entities applying to IA calls

In general, this budget category is used for the remaining budgeted amount that is not covered by the other cost categories. Such resources are not linked specifically to the action submitted for funding under Horizon Europe (e.g. financial resources that an applicant draws directly from its commercial activity; or public university receiving a general annual subsidy from its national Ministry).

Tasks attributed to the Associated Partner must be described in the technical description (Part B) of the project. If you wish, you can also include in this section the estimated budget of the entity.
How to deal with the budget table for Lump Sum projects

For Lump Sum scheme funded projects, it is required an additional detailed budget table (an excel file) which contains only costs reimbursed by the EU grant. This means that Swiss entity’s budget costs shall not be included in this table, being the entity located in Switzerland and being in the role of “Associated Partner”.

Tasks attributed to the Associated Partner must be described in the technical description (Part B) of the project. If you wish, you can also include in this section the estimated budget of the entity.

For more info, see the FAQ published on the Funding & Tenders Portal.

Note: SERI will cover any eligible actual cost SERI is not using the lump sum scheme grant model.
