Your Research Career in Switzerland

Information on EU-funding and Swiss support services

13-09-2017, 09:00-10:00 in Bern

Deadline passed on 11.09.2017

This webinar informs about:

- European fellowships and grants to fund your individual research project.
- Services offered to support your project application and relocation to Switzerland.

The EU Research and Innovation Programme Horizon2020 funds **individual research careers** through the **Marie Skłodowska-Curie Actions** and fosters **scientific excellence** through the funding opportunities of the **European Research Council**. The webinar provides basic information about these attractive funding opportunities.

If you plan to do your research in Switzerland, you can rely on the **EURESEARCH Network** for advice concerning your project application. The webinar will inform in more detail about the services offered.

This webinar addresses researchers in non-European countries from the PhD-level up to the level of established professors.
