The Enterprise Europe Network mission is to find international technology and innovation partners.

The Enterprise Europe Network is the largest network of contact points supporting companies, in particular small and medium enterprises (SMEs), to increase their international business, find partners and ensure competitiveness.

Based in Switzerland, our experts help you commercialise your innovation faster.

We can help you build bridges to stimulate innovation and improve your research and development performances.

*“As a start-up with no direct contacts to universities, we have less visibility than spin-offs of well-known institutes and cannot rely on opinion leaders or existing networks in research and industry. The partnering events opened these doors to us.” - Jean-Louis Roux dit Buisson, CEO, Neocarbons*

*“The EEN offers quick access to the European market. Our technology offer resulted in actual cooperations with two companies. The effort is low and the quality of the contacts is very high.” Christian Fischer, CEO, BComp*

*“An efficient way to find partners, I look forward to working with EEN again in the future” - Alessandro Ganser, CEO, Ganser CRS*
