Commission

Preventing and fighting extreme wildfires with the integration and demonstration of innovative means

LC-GD-1-1-2020

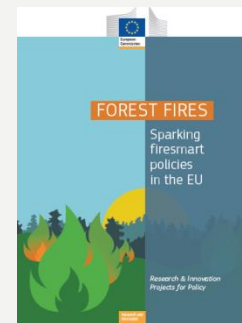

Main Goal

- Accelerating shift to more holistic fire management approach integrating environmental, climate, health and safety/security, cultural and socio-economic aspects
- All phases:
 - Prevention & preparedness
 - Detection & response
 - Post-fire restoration & adaptation

Some Potentially Relevant Projects

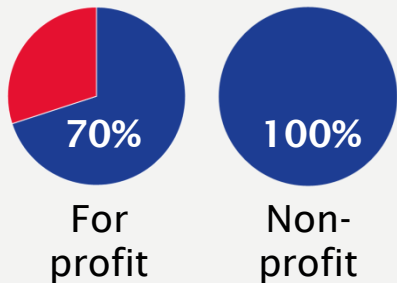

- Project to be funded from topic [LC-CLA-15-2020](#):
“Forest Fires risk reduction: towards an integrated fire management approach in the EU”
- EC publication “projects for policy”: [Forest Fires: Sparking firesmart policies in the EU](#)
- Project [FIRE-IN](#) (Fire and Rescue Innovation Network)

Types of Actions

- Innovation Action

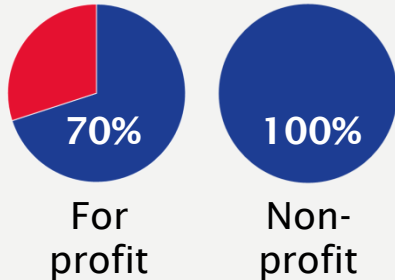

- Budget: 15-20 Mio Euro/project
(Total: 72 Million Euro)

Types of Actions

- Innovation Action

- Budget: 15-20 Mio Euro/project
(Total: 72 Million Euro)

- Coordination and Support Action

- Budget: 2-3 Mio Euro/project
(Total: 3 Million Euro)

Towards climate-neutral and socially innovative cities

LC-GD-1-2-2020

Main Goal

- Develop one-stop-shop for cities to develop and implement climate action plans
- Providing technical, regulatory, financial and socio-economic expertise to cities

4 Activities

- 1: Climate action plans and Green Deal innovation
- 2: Investment project preparation and finance
- 3: Social innovation and citizens' engagement
- 4: Research and Innovation for climate-neutral transformations of cities

Paving Way to Mission

- “100 climate-neutral cities by 2030 – by and for the citizens”
- Interim report by mission board available

Type of Actions

- Research and Innovation Action

For
profit

Non-
profit

- Budget: up to 53 Mio Euro/project, including >60% to be allocated to re-granting
- Only 1 project to be funded

Climate-resilient Innovation Packages for the EU regions

LC-GD-1-3-2020

Main Aim

- Development of region-specific portfolios enabling rapid and far-reaching change
- Portfolios may include
 - Nature-based solutions
 - Innovative technologies
 - Financing, insurance and governance models
 - Awareness and behavioral change

Types of Regions

- Focus on regions/communities with highest exposure, highest damage sensitivity and/or least adaptive capacity to climate change impacts

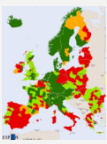

Paving the way to Mission

- “Accelerating the transition to a climate prepared and resilient Europe”
- Interim report by mission board available

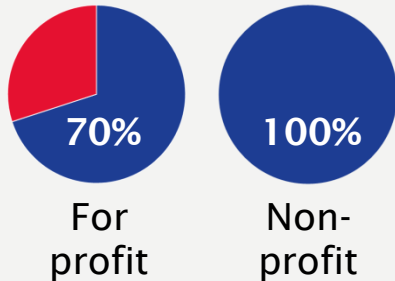

Adaptation to climate
change, including societal
transformation

Types of Actions

- Innovation Action

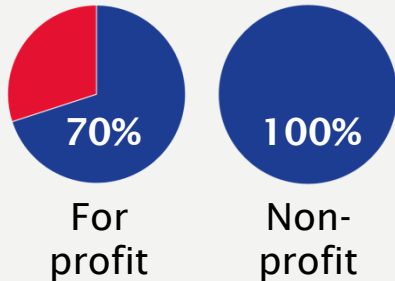

- Budget: 15-20 Mio Euro/project
(Total: 42 Million Euro)

Types of Actions

■ Innovation Action

- Budget: 15-20 Mio Euro/project
(Total: 42 Million Euro)

■ Coordination and Support Action

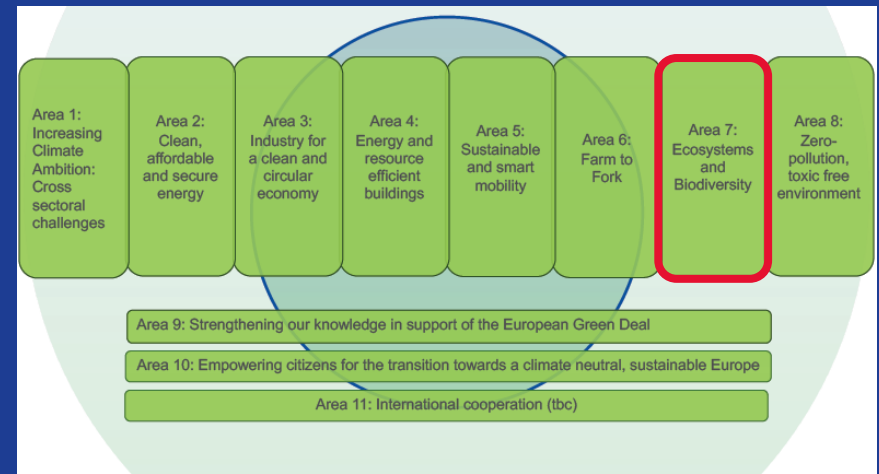

- Budget: 2-3 Mio Euro/project
(Total: 3 Million Euro)

Consortia for Topics in Area 1

- Transdisciplinary approaches
- Integration of Social Sciences and Humanities and space applications

Area 7

Ecosystems and Biodiversity

Restoring biodiversity and ecosystem services

LC-GD-7-1-2020

Main Aims

- Upscaling restoration of degraded ecosystems
- Large-scale demonstrators of systemic upscaling and replication of best practice ecosystem restoration
- Accelerate transformative change
- Address barriers to implementation for systemic nature-based solutions

New Biodiversity Strategy

- Published in May 2020

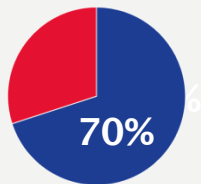

Potentially Relevant Projects

- Projects funded through the LIFE programme
- Projects funded by ERA-Net BiodivERsA
- Oppla: EU repository of nature-based solutions
- NetworkNature: Platform on nature-based solutions

Type of Action

- Innovation Action

For
profit

Non-
profit

- Budget: 16-25 Mio Euro/project
(Total: 80 Million Euro)

Important!

- Topic texts still draft/preliminary until publication in September
- Official topic texts will be found on [Funding & Tenders portal](#) of the European Commission
- Some of today's content based on expert interpretation of the topic texts
