Horizon 2020 – Health Applicants Training
5 March 2020
Euresearch Network Office, Belpstrasse 11, 3008 Bern

The event addresses applicants of Health Horizon 2020 proposals. At the time of the event, participants should already be familiar with the Proposal Template and the topic text in the Work programme to which they are planning to submit a proposal.

You will receive targeted information and advice to support you in the roles of task or work package leader, coordinator or partner in a project. You will learn how to write the proposal in order to answer to all 3 evaluation criteria. You will have the opportunity to book a time slot and discuss your project proposal bilaterally in the afternoon.

This event is free of charge but registration is mandatory. If you like a bilateral meeting at the event, please contact us at health@euresearch.ch

Registration via our website: www.euresearch.ch/health2020
